General Information

Transport Logistics

The transport leaves from outside Grant Institute on Friday morning (11am) and evening (5pm).

Please see the bus timetable for when you are scheduled to leave.

Conference Schedule

Please check the conference schedule to see your allocated slot. If there are any issues with your day or time, please get in touch ASAP.

Gala Dinner & Ceilidh

Our traditional Gala dinner will take place on Saturday 8th at 19:00, followed by a ceilidh lead by the Kilter Ceilidh Music band. Black tie event.

More Information

If you have any questions, please contact us at gradschool-geos@ed.ac.uk

Poster Presentations

Posters should be A0 in size and can be landscape or portrait. Please set your poster up on the first evening.

Key to Symbols

The School of GeoSciences is split between three research groups. Each abstract, as well as each nametag, is accompanied by a symbol to indicate the research group the participant is part of.

This year we are celebrating the diversity of the School but also highlighting our unity!

Conference Transport

The transport has been booked to leave from outside Grant Institute. Both buses booked to leave at 11am and 5pm. It is essential you are prompt!

The 5pm bus is full, therefore if you wish to change leaving time, or are not on this list but want to be, you may need to arrange a swap. Please contact us ASAP if you require a change of departure time.

11am Bus (meet at 10:45)

Keynote Speaker

Professor Sanjeev Gupta from Imperial College London will give our keynote talk on the Saturday afternoon.

Professor Sanjeev is working on understanding modern and ancient environmental change on Earth's surface and on Mars.

Skills Workshop

‘Communicating your Science in the Digital Age’

Dr. Stuart Gilfillan will run this years conference skills workshop. This workshop will focus on science outreach; and effective methods for communicating your science to a wider audience outside of the academic community.

With thanks to our sponsors:

THE UNIVERSITY of EDINBURGH
School of GeoSciences
